**TREASURES FROM OUR TRADITION**

Sooner or later, as they plan their wedding liturgy, a couple will receive some advice about a "unity candle."g They need one, they are told (at great expense); it is a tradition; it is what Catholics have always done. Not so. In the last thirty years or so, the custom has enjoyed wide popularity in the United States. It has never been officially part of our liturgy, and it exists in tension with some of our core symbols. Usually there are two smaller candles and one larger one to be lit from the smaller. Large candles in our tradition always mean Christ, and smaller ones are always tokens of our baptismal candle. If the candles are meant for a kind of renewal of baptismal vows, then the meaning is clearer, yet this is seldom the understanding. Why, then, are those smaller candles extinguished?

It's hard to tell where these pesky candles came from. Some suggest that the Presbyterian Church, which has a very lean wedding liturgy, introduced them as an option for extending a short service. Generally, it's been experienced as a "photo opportunity" rather than a genuine liturgical ritual. The "unity candle," a recent invention rather than an authentic tradition, has not been approved as an adaptation to our rite, and it is to be hoped that it will gradually disappear from view.
